For more information, please read:
*Where to find Damselflies and Dragonflies,
In the Cayuga Lake Region and the Vicinity,*
an account of personal journey by Meena Haribal to find these
odonates (damselflies and dragonflies) in the Finger Lakes region.
The book is illustrated with more than 400 stunning photo-
graphs of over 100 species of odonates mostly
taken by the author in our region.
